DEMO DAY

**Test Paddle the Latest Canoes and Kayaks.
Learn Kayak Fishing and Wilderness Canoe Camping Skills from Experts.
Buy, Sell or Trade Used Gear at the Paddler's Flea Market.**

SUNDAY MAY 17, 2009

NOON - 5:00 PM

MARYSVILLE LIONS CLUB POND

- **Factory Representatives** for many of our product lines will be available to show their wares and answer your questions. Paddle a huge assortment of canoes and kayaks -- discover the differences in paddlcraft that words and hand waving can't explain.
- **Jeff Little** and **Chad Hoover**, Wilderness Systems sponsored fishermen, will be on hand to help you discover and refine the skills and techniques of kayak fishing, a very popular and fast growing sport.
- **Canoe Club of Greater Harrisburg** members will be there, complete with a Wilderness Canoe Camping Reinactment. Take advantage of the vast knowledge that these folks have acquired through years of paddling and camping in the deep wilderness.
- The **Paddler's Market** is similar to a regular flea market but with cooler stuff. Swap, sell, barter, haggle or whatever to find new homes for that unused gear. This event will take place in the South parking lot at the BMO store.

DIRECTIONS:

From I-81 take Exit 65 & follow Rts. 11&15 North 1.6 miles north, turn left onto Park Street in Marysville; it's between the bank and Specialty Bakers.

From the North, starting at the Route 322 / 11 & 15 intersection, follow Rts. 11&15 South for 10.9 miles, turn right onto Park Street in Marysville; it's immediately after Specialty Bakers. The right turn is 0.4 miles South of BMO.

Behind Specialty Bakers and just past the swimming pool is an unpaved road that bears off to the right at a narrow angle. Follow this road downhill to the pond. There will be signs to point the way.

**Please wear old footwear
and plan to get wet!**

Hope to see you there!
